

## EU Declaration of Conformity

**The manufacturer:** PiezoDrive Pty Ltd  
1/45 Honeysuckle Drive Newcastle, NSW 2300 Australia

**Declare that the product:** **PiezoDrive PDm200 Piezo Driver**

The PDm200 is an audio frequency, linear amplifier module for driving piezoelectric actuators. The maximum output voltage is 200 Vpk, and the maximum output current is 120 mArms. The PDm200 can drive capacitive loads such as stack actuators; standard piezoelectric actuators; and bender actuators. Part number suffixes (e.g. PDm200-PCB) describe specific configurations and are included in this declaration.

### Is conformal to the following directives and standards:

#### 2014/30/EU - Electromagnetic compatibility (EMC)

Harmonised Standards:

- EN 61326-1:2013 – Electrical equipment for measurement, control and laboratory use - EMC requirements - Part 1: General requirements.

#### 2011/65/EU and 2015/863/EU Restriction of the use of certain hazardous substances (ROHS II and ROHS III)

Harmonised Standards:

- EN 50581:2012 Technical documentation for the assessment of electrical and electronic products with respect to the restriction of hazardous substances

#### 1907/2006 Registration, evaluation, authorisation and restriction of chemicals (REACH)

This declaration of conformity is issued under the sole responsibility of the manufacturer
